### **\*\*More About Expiration Dates - Fridge vs. Freezer\*\***

At a minimum, pies are required to be kept refrigerated in a cooler at 41 degrees or below and are not stable at room-temperature. Our expiration count-down starts when the pies are pulled from a freezer into the refrigerator. The pies store 6-12 days in the refrigerator, but can be kept for up to 2 months in the freezer. We also recommend that if you have a freezer, you store pies in the freezer and to pull them out as you need them. If you do this, we request that you date them yourselves when you pull them to ensure proper expiration dates are listed.

### **WSDA Certification**

Our business is certified through the Washington State Department of Agriculture.

### **Order Minimums**

We offer free delivery in Seattle with orders of 24 or more slices (or two whole pies).

All orders are “mix and match” and we have an 8-slice minimum per flavor.

### **Delivery Areas**

We deliver throughout the Greater Seattle area.

### **Pricing Consistency**

We request that you sell items for the recommended sale price to ensure consistency of pricing amongst our vendors. If you are nearing the expiration date of a pie item, we recommend that you sell the item on a **buy one, get one free deal** to clear it before it expires.

### **Buy Back of Unsold Items**

We do not buy back unsold items that have been pulled from a freezer. If the items are still frozen, we will buy it back if it has not sold.

### **Payment Options**

- Check on Delivery
- Net 7 if ACH is set up for direct withdrawal from bank account
- Credit card (3% fee added)

### **Samples**

We will provide a samples upon request for staff to try, and can set up demos for customer sampling.
